

STRIPE TEASE

A retro look with forward thinking. Complicated combinations of colors, and the availability of both tile and broadloom, allow for endless variety in installation. The seemingly random color placement gives a playful perspective. Stripe Tease was specifically designed to use post-industrial waste yarn from our manufacturing cycle. 24" tiles available for minimum yardage.

Face Fiber: Ultron Nylon type 6,6 by Solutia

Construction: Precision Loop Pattern

Colors: 9

Non-standard color variations can be created using the Forecast palette.
