## FORTUNE CONTRACT LAUNCHES SPACE GUY

DALTON, Ga. – Blast off with Space Guy, a new commercial carpet design from Fortune Contract. Made with space-dyed fiber from Solutia Ultron, Space Guy paints a spectacular flooring scene that echoes the beauty of Tibetan, tea-stained rugs. It evokes an aged patina, but with a fresh modern appeal. The perfect flooring solution for a variety of commercial settings, Space Guy works especially well in corporate or retail spaces, or condominium corridors. Space Guy is a cut/uncut pattern that's available in 17 color choices.

“By using space-dyed fiber, we've created a design that looks more like a painting than a floorcovering,” said Judith Ingalls, vice-president of style and design. “Space Guy adds an incredible antique look to the Fortune line of carpet that's ideal for most any commercial environment.”
